

IF BOB THE CFO NEEDS TO SAVE 29% ON THE NEXT ORDER OF 12.5 MILLION COTTON BALLS TO BUY THE NEXT-GENERATION LINEAR ACCELERATOR THAT WILL RENOVATE THE NEW WING THAT ADDS 38 NEW MATERNITY BEDS, BY WHAT PERCENTAGE MUST HE INCREASE HIS SUPPLY CHAIN EFFICIENCY TO UPGRADE THE CARDIAC CATH LAB?

AT SOME POINT IT ALL SEEMS TO RUN TOGETHER, DOESN'T IT? One steady stream of demands on your hospital, your staff and yourself. But while the problems may be complex, the answer doesn't have to be. JOIN AMERINET. And take greater control over rising cost and quality of care. And, that little voice inside your head.
